## OVERVIEW

You will learn how to implement time tested Landmark College approaches to supporting students who learn differently using the latest Apps. We will focus on study skills that you can use to support students with learning differences in several areas including: Time Management, Organization, Note Taking, Test Preparation and Active Reading. You will receive hands-on training on ways to implement study skills using a wide range of Apps including: iStudiez Pro, Voice Dream Reader, Blio, Notability and Audio Notes.

*Presented by Dr. Ibrahim Dahlstrom-Hakki, Landmark College Research and Education Specialist, whose work is primarily focused on the development of research projects aimed at investigating new or evaluating existing methods of delivering educational content to students with learning disabilities.*

*Ubiquitous Technology is presented by Landmark College, hosted by Sturgis Charter Public School and made possible through the generous support of **The Peter and Elizabeth C. Tower Foundation.***
